Electronic Funds Transfer

Partnering Financially with Missionary TECH Team through Electronic Funds Transfer (EFT)

Using EFT is extremely cost effective for Missionary TECH Team. EFT reduces our labor hours to manage deposits and accounts. It also saves you the cost and time of mailing and writing checks, and takes the concern out of remembering to do so each month. EFT is considerably more secure than mailing a check because the information is sent electronically from your bank to TECH's bank thus eliminating the risk of a written check being stolen or lost in the mail. Your EFT donation to Missionary TECH Team can be directly applied to the ministry area of one of our staff missionaries or any other special ministry area.

You will find that giving via EFT will:

- Save you time by eliminating the need to write out checks,
- Reduce the expense of mailing in donations, and
- Assure that your donation is received consistently every month.
- Missionary TECH Team recommends giving via EFT because it helps to reduce administrative costs and provides consistent support for our ministries and staff ministry areas.

You can begin using EFT today by following these easy steps:

- 1 Fill out a copy of the EFT form in this brochure.
- 2 Attach a voided check or deposit slip for the account from which you desire to have the funds deducted. This can be a checking or savings account.
- 3 Mail the forms and the voided check or deposit slip with your next regular monthly check. This will ensure that your EFT forms are applied to your account properly. It takes roughly a full month to setup the EFT process with local banks. Thus, if you attach the forms and voided check to your next monthly check you'll ensure that a month does not get skipped.
- 4 Mail them to Missionary TECH Team, 25 FRJ Dr., Longview, TX, 75602.

That's all there is to it! Beginning with the next month, the funds will be automatically deducted from your account on the date you specified.

Thank you! We are most grateful for your prayer and financial support in enabling our ministry with Missionary TECH Team to serve the cause of Christ on a global scale.
