TECH Advantage Intercessor is a publication of TECH Team Advantage

## From the President's Desk

Have you ever wondered how TECH is able to provide highly technical services at such a low cost—while never taking a portion of the support our staff raises? Each project does include a project fee, but it doesn't come close to covering the actual expenses. The difference is made up through staff support and generous gifts from friends like you.

Your partnership makes it possible for us to offset the real costs of services that many ministries could never otherwise afford. For example, a professionally built website in today's market can range anywhere from **\$5,000 to well over \$10,000**. At TECH, we typically only charge **\$300–\$500**—a savings that allows ministries to focus their resources on their mission while still having the tools they need to thrive.

Thanks to your generosity, we can continue this work.

## A Unique Way to Contribute:

### *Testamentary Gifts*

One meaningful way you can help sustain TECH's mission is through gifts from your estate. These are often referred to as "testamentary gifts."

Whether your desire is to bless TECH for general purposes or direct your gift toward a specific ministry vision, estate gifts are a powerful way to make an eternal impact.

## How It Works

Include a bequest to TECH in your will or trust.

Choose whether to make it unrestricted or designate it for a specific purpose.

Indicate a specific amount or percentage of the balance remaining in your estate or trust.

Update the beneficiary designation of your life insurance, IRA, or 401K plan to include TECH.

## The Benefits to You

**Maintain control:** Your assets remain fully in your control during your lifetime.

**Flexibility:** You can update or adjust your gift as your circumstances change.

**Peace of mind:** Estate gifts don't affect your current lifestyle in any way.

**Eternal legacy:** Your gift helps advance God's kingdom long after your home-going.

## Things to Keep in Mind

Any estate plan should be created with careful thought and prayer. While there are many good options, it's important to choose the method

that best fits your unique situation. Qualified, like-minded counsel can provide wisdom and guidance as you make these decisions.

If you do choose to include TECH in your estate plans, we would love to know! This helps us plan for the future and gives us the opportunity to thank you—always in the strictest confidence.

Because of you, ministries around the world are able to access the tools, resources, and support they need to thrive—all at a fraction of the usual cost. Together, we are helping to build the kingdom of heaven in practical and lasting ways.

Thank you for your generosity, your prayers, and your partnership. God bless you!

## Birne Wiley Memorial

### *Future Generations*

*As we reflect on Birne's life and legacy, we desire to carry forward the vision and faithfulness he lived out.*

*To honor his memory, the Board of TECH Team Advantage has established a memorial fund dedicated to supporting the Next Generation of missionaries as they begin their fundraising journey.*

## **Every Department. Every Generation**

From Vehicle Leasing to Graphic Services, Software to Facilities — every TECH Team department is creating tools for today's ministries while preparing for tomorrow's leaders. Together, we're equipping the next generation to serve. 2025 is shaping up to be one of our strongest years yet!. As we look ahead, we're encouraged by the growth and opportunities God has placed before us. Yet we know that the real impact lies in preparing the next generation to carry this mission forward.

## 2025: Equipping Ministries

**299** Projects  
**161** Clients—  
and counting!

## 2025: Far Reaching

Ministries supported across

**36** Countries  
**25** States in America

Countries where  
TECH has served.

States where  
TECH has served.

## 2025 Highlights

Ministries are turning to TECH for multiple solutions.

Ministries are increasingly investing in long-term Facility Solutions

There is consistent demand for communications & design resources

At the current pace, 2025 could finish close to or above 400 projects, rivaling the strongest in the last five years!

Already at  
**85%**  
of our five-year  
average

## Praying FOR THE NEXT GENERATION OF Laborers

*We're asking God to raise up Christ-followers with skills in design, engineering, software, and more to serve global missions. Your prayers and financial support help equip and sustain these workers as they create innovative, cost-effective tools that strengthen ministries worldwide. In God's hands, even a blueprint becomes a tool to build up the body of Christ.*

The harvest is plentiful, but the workers are few. Therefore plead with the Lord of the harvest to send out workers into His harvest.  
*Matt. 9:37-38*

**WHO ARE YOU  
PRAYING  
FOR?**

## Giving Opportunities

Our Staff are faith-based missionaries (100% of support goes directly to staff)

Vehicle Donations

Direct Project donations

General Fund

Will you pray with us, share the need, and support TECH's future? Your generosity and prayers not only make today's ministry possible, but it also invests in the future—equipping young professionals to step into roles where they can use their skills for the Gospel. Together, we are building a legacy that ensures ministries worldwide will continue to thrive for years to come.

**Thank you for your generosity, your prayers, and your partnership.  
God bless you!**
